Shadrach Green, Bicycle Robber, is Captured.

PLUNDER IS RECOVERED SAYS HE STOLE FOR HIS SICK WIFE.

The bicycle burglar was captured yesterday, along with about \$200 worth of plunder, in the list of which is included nearly every kind of article, from an unused theatre ticket to a \$250 wardrobe. The individual who has made things so interesting in police circles for a couple of weeks is Shadrach Green, 22 years of age, a convict, by reputation, painter by trade, house-breaker by profession, and bridegroom of right weeks. Green's capture was followed by a full confession and the recovery of most of the stolen property. In making

Development of New Irrigation Scheme for Ogden Canyon.

(Special to The Herald.) Ogden, Utah, Aug. 26. The organization of the irrigation company for the construction of a new reservoir in Ogden canyon, to be the joint property of the Utah Light & Power company and the Ogden city, will, it is expected, be completed today at a meeting of the committee representing the interests. A plan of organization has been drafted and will be submitted by Chairman Shurtliff at the meeting today. The company is to be capitalized for \$200,000, the stock to be held half by the power company and half by the city. The plan includes the construction of an earth dam east of the city, about a quarter of a mile. This dam is to be sixty feet high and the reservoir, covering an area of about eighteen acres, will hold about 750,000 cubic feet of water. The engineering feature of the work is a tunnel through the shoulder of rock jutting from the south into the river. This tunnel will be used to take the water from the reservoir. The spillways of the reservoir will also be up, and the officers got a search warrant to look for the others. The Chinese cook, Wong Bong, was caught by Edgington in the act of throwing the slippery over the bank fence, and women still refusing to give up the property, everybody connected with the place was taken to the station and locked up. Subsequently, a majority of them were released on bail. Green was convicted of housebreaking in 1898 and sentenced to two and a half years. He has been out of the penitentiary since last November.

While the plunder recovered makes a pretty big pile in Chief Hilton's office, much of the jewelry has been found by him from the Sanitarium. A pair of slippers which Green sold for \$4.00, and a pair of slippers which he sold for \$4.00, were found in pawnshops and second-hand stores. The wheel used by Green in getting around town was stolen by him from a hysterical state. He abandoned it the other day in a vacant lot, he said.

PREPARING FOR CITY CAMPAIGN

Democratic Committee to Meet This Week.

LITTLE INTEREST TAKEN REPUBLICANS WANT A SHORT CAMPAIGN.

The machinery for the approaching city campaign is soon to be rubbed up and put in working order. Dr. H. A. Anderson, upon whose shoulders has fallen the chairmanship of the Democratic city committee, is now in the process of organizing the committee. The committee is to meet this week to discuss the campaign.

At this meeting a chairman will be selected to hold office until the city convention and other business is transacted. It is most probable that Dr. Anderson will be formally elected chairman. The question of a date for the city convention will also be discussed, together with the basis of apportionment, precinct organization and other matters.

The Republicans are not going to move so quickly. Chairman Elchorn said yesterday afternoon that the Republican city committee would not meet for several weeks yet. "I see no necessity for starting early this year," he said, "and the city convention will be held until the 13th of October two years ago, and there is no good reason for holding it earlier now."

The city election so far is notable only for the lack of interest taken in it. A number of excellent candidates have been suggested, but no one has been nominated. The city election is now in the hands of the city council.
